TECH CENTER 1600 2890

IN THE CLAIMS

1. An animal lure [for a designated species selected from a group consisting of deer, elk, moose and caribou] said lure consisting essentially of:

a) the urine of only two female animals of said designated species

estrus.

4. The lure of claim 1, wherein said urine is taken exclusively from a single stall used only by said two <sup>does</sup> female animals in estrus.

9. A method of making a lure for [an identified species of animal selected from a group consisting of deer, elk, moose and caribou using a urine-gathering stall] said method consisting essentially in the steps of:

a) limiting use of said urine-gathering stall to only two female animals <sup>does</sup> in estrus;

b) gathering urine from said urine-gathering stall; and,

c) limiting <sup>each</sup> said lure to only urine gathered from <sup>a single</sup> said urine-gathering

stall.
